RE: General Motors North America Profits – 2nd Quarter 2025

Greetings:

Earlier today, Tuesday, July 22, 2025, General Motors announced that General Motors North America made \$2.4 billion dollars Earnings Before Interest and Taxes (EBIT) for the 2nd Quarter of 2025.

This profit does not happen without the great work of our UAW-GM Members building world-class vehicles, right here in the U.S.A.

As always, In solidarity,

Mike Booth
Vice President and Director
