May is Mobile Equipment Safety Month: Although May is Mobile Equipment Safety Month we should ALWAYS take time to be safe when moving around our facility. All mobile equipment operators (hourly and salary) must obey all safety standards. Your leadership cannot stress enough that mobile equipment must stop at all stop signs and pedestrians should use the designated walkways, make eye contact and wait for the wave from the drivers. Management has informed the local Union that anyone violating the mobile equipment safety standards (hourly and salary) will be addressed immediately.

Forty-four (44) Additional Members Recalled: Your leadership has been successful in getting 44 members recalled from layoff status. These members will report on May 8, 2017.

\$1000 Performance Bonus Lump Sum Payments: Eligible team members are defined as those whose status with GM is active as of May 15, 2017. The payment will be paid out on payroll week ending June 11, 2017.

Skilled Trades Document 156 Audit: ATTENTION skilled trades members!!! Your leadership has requested a doc 156 audit. A team from UAW/GM will be coming to perform a doc 156 audit. If you know of any work that is process related and is being done by a third party please get that information to your committeeman as soon as possible.

Membership Meeting: May 7th at 10:00 a.m. will be our last membership meeting before summer recess. Immediately following the meeting we will be serving hotdogs, hamburgers, chips and pop. Please come out and fellowship with your fellow UAW brothers and sisters. Meetings will resume in September.
